Comments **MONSTROSITY** 's Lee Harrison: *"Kingdom of Fire is the second single from the forthcoming "The Passage of Existence" album. We are very proud to release this one since it has the dynamics and the changes that Monstrosity are known for. This one is a soon to be a Monstrosity fan favorite and has lots of peaks and valleys while retaining their awesome brutality. Again, this one is made to be played loud and proud, don't sell yourself short. Come into the Kingdom!!"*

Drummer Lee Harrison recorded his drum tracks at Audiohammer Studios in Sanford Florida with veteran metal producer Jason Suecof. A week was spent creating rock solid drum tracks. Guitar and bass tracks were handled at Ascension Sound in Tampa with the vocal tracks being recorded at Obituaries "Redneck Studios" in Gibsonton Florida. The mix was handled by producer Mark Lewis (Megadeth a.o.) and the resulting 2018 album **'The Passage Of Existence'** was born. 12 tracks of masterfully crafted death metal for the modern era from the standard bearers of extreme art. **MONSTROSITY** still stand taller than ever, still delivering their brand of state of the art sonic devastation!
